

TEFAP Emergency Food Box (EFB) Equitable Distribution Guidelines

Use these guidelines when determining the EFB qualifications per household as of 08/01/2026:

Household Size	EFB Provided
1-5	1 EFB
6-10	2 EFB's
11 or more	3 EFB's

- Ensure that Link2Feed reflects the accurate number of EFB's distributed.
- If a neighbor has already received TEFAP from another site, advise of (1) EFB per household, per month regardless of location.
 - If additional TEFAP inventory is unavailable, provide donated products when available to ensure no neighbor leaves without food.
